

Computation time versus number of points

Presented Method

Pre-computation:
Maximize likelihood:
All computations:

Experiment	Line fit	Slope
Red circle	Dashed red line	2.47
Red circle	Solid red line	2.47
Brown circle	Dash-dot brown line	2.47

Direct Method I

Pre-computation:
Maximize likelihood:
All computations:

Experiment	Line fit	Slope
Blue circle	Dashed blue line	2.46
Blue circle	Dashed blue line	2.66
Dark blue circle	Dash-dot dark blue line	2.65

Direct Method II

Maximize likelihood:

Experiment	Line fit	Slope
Yellow circle	Dashed yellow line	2.58
